

Scrum master: Winston Wu

Scrum Results Sheet:

Team Number: 2

Date: 2021-03-28

Name #1 Steven Huang

Since last scrum: Debugged and wrote the test code for that function to generate folder path and file path.

Working on today: Try to integrate the people_counter part with the rest of the function.

Roadblocks: people counter does not return the correct value for the passed in images

Name #2 Eric Liu

Since last scrum: Add comment to my code for readability.

Working on today: Change mask analysis and population analysis endpoints to accept and send back the new format (string instead of a tuple of integers).

Roadblocks: None for now.

Name #3 Winston Wu

Since last scrum: Integrating decompression in the backend and trying with image related tests

Working on today: Tried integrating image to video conversion and integrating with people counter

Roadblocks: people counter may not return the correct value for now

Name #4 Jason Cao

Since last scrum: Working on the code C for the hardware accelerator

Working on today: Continue working on the code for the hardware accelerator and start integrating with code to do bluetooth operations

Roadblocks: Nothing for now

Name #5 Shuyao Wen

Since last scrum: research AT command

Working on today: C code for operating the BT

Roadblocks: Nothing for now
